Correction

Error in Figure. In the Original Article titled “Effects of Perceived Treatment on Quality of Life and Medical Outcomes in a Double-blind Placebo Surgery Trial” published in the April issue of the ARCHIVES (2004;61:412-420), an incorrect version of Figure 3 was published. Figure 3 is published correctly here. Online versions of this article on the Archives of General Psychiatry Web site were corrected on April 13, 2004. The ARCHIVES regrets the error.

Figure 3. Mean changes in Unified Parkinson’s Disease Rating Scale (UPDRS) motor “off” scores (baseline to 12 months) for the total group in the parent study (n=39). Increased scores indicate improvement. Error bars represent SEM.
